

# NINE POUND HAMMER TECH CHECK: BLUES NOTES

TECH CHECK INSTRUCTIONS: In Nine Pound Hammer, we are going to look at how to implement blues notes into a standard melody. We are in the key of A and blues notes that work very well in bluegrass jamming are the lowered 3rd (C natural) and the lowered 7th of the scale (G natural). Notice how many times these accidentals are used in the following break.

Lick #1
